To Whom It May Concern:

We used TAA 12 months ago for our first relocation from Sumner Park to Sunnybank Hills. TAA were there each step of the way with, planning, relocation, upgrade and installation of the Telephone and the ISDN Service.

This is our second move in 12 months and naturally I went with TAA. This decision was an easy one for me based on the success of the last move and TAA's profession manner.

I am very pleased to say that our move went without a problem, again TAA were there at each stage of planning and relocation of our phone system and ISDN service.

I would highly recommend TAA to anyone thinking about moving or upgrading their phone system. If you would like to contact me directly please feel free to call me on 0438438970.

I would also like to note a special thanks to Alecia, Therese, Tim and Jason for their extra effort and willingness to help, their ability to listen and understand our needs as a transport company and offer innovated solutions for our needs.
